ehibello-portfolio.vercel.app

I am a reliable and detail-oriented Virtual Assistant who keeps schedules organized and business operations running smoothly. Experienced in managing calendars and inboxes, supporting projects from start to finish, coordinating travel arrangements, and ensuring timely client follow-ups. Skilled in research, administrative support, accurate spreadsheet reporting, and task workflow management. Provides tech support including Zapier automation to streamline repetitive tasks and connect multiple apps for greater efficiency. Expert in building and managing Shopify e-commerce stores and using WordPress to build and optimize websites. Strong customer support background with clear, professional, and friendly communication, helping businesses stay focused on growth.
